SUBJECT : Attendance at Course, 23-25 July 1985

I should like to attend a "New Patterns of Influence Workshop" given at Fort Belvoir, Virginia, 23-25 July 1985.

The course concerns leadership at the executive level including negotiations, decision-making, and building motivation and cohesion. These skills should be useful in the NIC or in any other assignment.

There will be no expense either to the NIC or the Army.
